

## 2020 WGC Work League Information

**Thanks for playing in the 2020 Work League and thank you for being patient.**

We have 32 teams and we start play next week on May 27th at 5:30 pm. Due to everything going on with COVID-19 we have some things to share with you. PLEASE make sure your partner is aware of this information.

**\*\*PLEASE NOTE** - We are not allowed to have a lot of people in the clubhouse at one time or at the pro shop counter. To make the league work and to be able to start we need every player to be aware of the mandates/stipulations that we are required to follow. We thank you in advance for your cooperation.

1) We cannot gather or lineup in the clubhouse. you will need to prepay your entry fee of \$80 and prepay your golf each week. To make this easier we request that you give us a credit card to put on file. We will charge that card for your entry and for your weekly league play, so you do not have to line up at the pro shop counter each week.

2) We cannot gather or lineup at the snack bar counter. The food counter gets busy each week from 5:15 to 5:30. We will need some of you to get here early and have your partner buy for both of you to help eliminate the gathering.

3) Golf carts - you can now ride together in a golf cart if you wish. For those that have safety concerns, arrive at the golf course in separate vehicles, etc. you can request the one cart per person. We do however need to know your what you plan to do so we make sure we have enough carts. Please let us know what your plan is **PRIOR** to each Wednesday night.

4) When playing you cannot touch the flagsticks, cannot touch another player's golf ball, etc. The golf course restrooms will remain closed for at least the next few weeks. The restrooms in the clubhouse are open.

5) Scoring - we will give the scorecards to one person in the group and that person will be responsible for keeping score and turning it in. Please do not pass the scorecards around to other players.

6) We will not be able to have the after-round meal for at least the first few weeks but will resume when we can.

**\*\*FINALLY, AND MOST IMPORTANTLY\*\***- Due to the current mandates we must always socially distance. This means 6 feet apart from other players and teams while you are on WGC property including the patio area...

Thank you,

Mark & Eric
